

Description: The **UF Health Charge Master Event Lookup** report displays charge master events and their items for procedures within the UF Health – Gainesville service area. It provides both Retail and Research rates to assist study teams in budgeting for clinical services.

Audience: Study team members responsible for any of the following:

- Reviewing coverage analysis
- Negotiating budgets
- Paying and/or reconciling UF Health invoices

THE UF HEALTH CHARGE MASTER EVENT LOOKUP OUTPUT

UF Health Research Rate Lookup

Code	Description	Retail	Research
99201	88800580 Office / outpatient visit, new patient; Level I		
99201	Office / outpatient visit, new patient; Level I [PRO]	\$148.00	\$27.52
99211	88800580 Office / outpatient visit, established patient; Level I		
99211	Office / outpatient visit, established patient; Level I [PRO]	\$67.00	\$9.34

- **OnCore Event Code:** Code identifier for the primary test/procedure (event); usually a procedural CPT code.
- **OnCore Event Description:** Description of the primary test/procedure (e.g. electrocardiogram).
- **Epic Component ID:** Identifier used to translate the charge master event to an Epic billable charge.
- **OnCore Item Code:** Code identifiers for professional and technical services billed by the hospital/clinic. These include CPT, EAP, and HCPCS codes.
- **Item Description:** Description of the individual professional and technical services billed by the hospital/clinic.
- **Retail:** Represents the item list price which should be the target price for budget negotiations industry sponsors.
- **Research:** Represents the item cost that will be billed to the study department. These costs are based on the research fee schedule which updates annually.

**** Keep in mind that departments will pay the established research rate at the time of service, which may be higher or lower than the rate during budget negotiations.**
